OVERALL ASSESSMENT	
Support of College Strategic Goals:	Established
Planning:	Established
AUO Assessment Status:	Established*
Data Analysis:	Established

Peer review for purposes of improvement:

Support of College Strategic Goals: The instructional division has made many significant contributions to the college-wide goals, including its support for acceleration and guided pathways implementation.

Planning: The instructional division reported on its two previously-established goals and achievements in each of these areas. The division also identified a new goal; however, the goal focused on creating a new position.

AUO Assessment Status: The division provided a robust discussion of college-wide and division productivity in relation to its previously established goal in that area.

Data Analysis: The division provided significant data on productivity and progress toward improving it.

Commendations: The committee commends the Instructional Divisions on the following:

- The creation of the Division of Athletics, Kinesiology, and Health Education.
- The progress made on creating program maps as part of the college guided pathways implementation.

Recommendations: The committee recommends the following:

- Explore impact of scheduling process changes on student demographics, retention, and timely completion of degree programs.
- Identify the intended outcome or overarching goal associated with creating a new Associate Dean of Instruction and Career Development Center Lead position.

Additional Comments:

**Additional training and resources should be provided to all executive areas in the establishment and assessment of AUOs and data analysis for planning and improvement purposes*
