The Grossmont-Cuyamaca Community College District (District) campus safety plan is available for students in the Public Safety Annual Security Report on the District website. This report includes annual crime statistics in keeping with the Clery Act, which requires that higher education disclose statistics for offenses committed in certain geographic locations associated with the institution. A crime should be included in the annual security report only if it occurred in one of the following locations: on campus, in or on a non-campus building or property, or public property within or immediately adjacent to and accessible from the campus. All crimes, including hate crimes, must be disclosed by geographic location.

The District Public Safety Department prepares and annually updates a report of all occurrences of arrests for crimes that are committed on campus and that involve violence, hate violence, theft or destruction of property, illegal drugs, or alcohol intoxication which are reported to the District Public Safety Department, and all occurrences of noncriminal acts of hate violence reported to campus authorities

Written records of noncriminal acts of hate violence shall include, at a minimum, a description of the act of hate violence, the victim characteristics, and offender characteristics, if known.

Hate violence as defined by Education Code 67380 and the Clery Act is any act of intimidation or physical harassment, physical force or physical violence, or the threat of physical force or physical violence, including domestic or dating violence and stalking, that is directed against any person or group of persons or the property of any person or group of persons because of their identity or association with one or more of the protected categories.
