---

**Q9**  
Please explain your plan to maintain this request:

Routine cleaning and maintenance.

---

**Q10** **Health/Safety/Security Issues,**

Justification of Request:Please select the applicable criteria below and provide the details how the criteria relate to your request.

Provided details::

We have had an ongoing problem with rodents in the K building throughout the years. There has been an increase in them during the OH construction. We have already let people know about this problem. We were given traps and continuously catch rodents. I don't believe that the staff should have to set up traps and discard of dead rodents on a regular basis. We should have an exterminator come by.
