Open Education Resources Committee

Charge

The Open Education Resources Committee (OERC) reports to the Academic Senate and Student Success and Equity Council. The OERC provides a forum for the discussion of local OER awareness, adoption, and support for faculty and students. The committee offers and provides support, recommendations, guidelines, and standards for the integration and sustainability of OER across the curriculum. The committee works towards eliminating barriers to quality higher education and closing equity gaps in student outcomes through the adoption of open education resources and practices and culturally relevant course materials.

- [ASCCC OERI | ASCCC Open Educational Resources Initiative (asccc-oeri.org)](asccc-oeri.org)

Notes

1. Workgroup Leads are expected to "lead by example" by creating or curating OER content for their discipline, or assist faculty in their division who are creating or curating OER content for their respective discipline, during the academic year term of service

Additionally, I wanted to put forward 3 compensation models:
1. Model 1: Faculty OER Liaison funded through ASCCC (currently $1,000/AY) + OER Coordinator (will be same person as Liaison) earns 0.4 LED reassign time per semester
2. Model 2: Model 1 + Six Faculty Workgroup Leads earn 0.2 LED reassign time per semester
3. Model 3: Model 1 + Six Faculty Workgroup Leads earn $2,000 stipend per semester
